an instant classic when it was first published nearly a decade ago This down-to-earth book lays out in easy-to-understand prose the four essential topics that every investor must master: the relationship of risk and reward, the history of the market, the psychology of the investor and the market, and the folly of taking financial advice from investment salespeople.. Straightforward in its presentation and generous in its real-life examples, The Four Pillars of Investing presents a no-nonsense discussion of:.. Bernstein pulls back the curtain to reveal what really goes on in today's financial industry as he outlines a simple program for building wealth while controlling risk.
